

(ii) Participant and unaffiliated vessels shall not exceed a speed of ten knots.

(iii) Unaffiliated sail vessels shall operate under auxiliary power or tow. Motor-sailing with mainsail only will be allowed.

(iv) When transiting through the regulated areas is necessary, unaffiliated vessels shall make expeditious transit and shall not impede or obstruct the orderly flow of vessel traffic.

(v) All vessels shall follow the instructions of Coast Guard and Coast Guard Auxiliary vessels.

(vi) No vessel shall anchor in a non-anchorage area specified in paragraph (a)(2) of this section, except in the case of an emergency. If equipped with a VHF/FM radio, the vessel shall immediately notify the Coast Guard on Channel 16 (156.8 MHz) of the existence of any emergency.

(2) *Mission Bay.* The following regulations are in effect between the hours of 10 a.m. and 12 noon each race date. Additionally, the following regulations are in effect for a period of approximately two hours the afternoon of each race date, and will be implemented for a designated period between 2:30 p.m. and 7 p.m. The time of commencement of this afternoon regulatory period will be determined on each race date, and notice of implementation will be provided by Broadcast Notice to Mariners. A 15-minute advance notice of commencement of the afternoon regulatory period will also be made by Broadcast Notice to Mariners. Notice of the termination of the afternoon regulatory period each race date will be made by Broadcast Notice to Mariners, as well. The Patrol Commander may elect not to implement the regulations on those race dates when the races are postponed or canceled; announcement to that effect will be made by Broadcast Notice to Mariners.

(i) Participant and unaffiliated vessels shall not exceed five knots.

(ii) Participant and unaffiliated sail vessels shall operate under auxiliary power or tow. Motor-sailing with mainsail only will be allowed.

(iii) When transiting through the regulated area is necessary, unaffiliated vessels shall make expeditious transit and shall not impede or obstruct the orderly flow of vessel traffic.

(3) *IACC Offshore Race Venue.* The following regulations are in effect between the hours of 10 a.m. and 5:30 p.m. each race date on those waters within the IACC Offshore Race Venue

which fall within the navigable waters of the United States, *i.e.*, those waters within three nautical miles (3nm) of the baseline from which the territorial sea is measured. The Patrol Commander may elect not to implement the regulations on those race dates when the races are postponed or canceled; announcement to that effect will be made by Broadcast Notice to Mariners.

(i) Unaffiliated vessels shall remain outside the course perimeter, as marked by the AC'95 or CORC Race Vessels and Official Vessels.

(ii) All vessels shall follow the instructions of Coast Guard and Coast Guard Auxiliary vessels.

Note: The regulations specified in this paragraph apply only within the navigable waters of the United States. In all waters within the IACC Race Venue which fall outside the navigable waters of the United States, during the specified dates and times, the following nonobligatory guidelines apply:

(A) All unaffiliated vessels should remain clear of the race venue and avoid interfering with any participant, AC'95 or CORC Race Vessel, or Official Vessel. Interference with race activities may constitute a safety hazard warranting cancellation or termination of all or part of the race activities by the Patrol Commander.

(B) Any unauthorized entry within the race course perimeter, as marked by the AC'95 or CORC Race Vessels and Official Vessels, by unaffiliated vessels constitutes a risk to the safety of marine traffic. Such entry will constitute a factor to be considered in determining whether a person has operated a vessel in a negligent manner in violation of 46 U.S.C. 2302.

(4) *One-way traffic and five-knot speed limit.* The Patrol Commander may implement one-way traffic patterns and a five-knot speed limit in the regulated areas or portions thereof if the Patrol Commander deems it necessary to ensure safe navigation. Notion of one-way traffic and a five-knot speed limit shall be made by Broadcast Notice to Mariners. If one-way traffic patterns are implemented, participant and unaffiliated vessels are required to transit the applicable regulated area(s) in either an inbound direction (proceeding into port) or an outbound direction (proceeding to sea). No traffic in any direction other than inbound or outbound (*i.e.*, cross traffic) will be permitted in the area of implementation. If a five-knot speed limit is implemented, all traffic entering or exiting the harbors will be required to make a speed of no more than five knots through the water. If one-way traffic or a five-knot speed limit is implemented, all participant and unaffiliated vessels shall also abide by all other nonconflicting provisions contained

within these special local regulations associated with the regulated area.

(d) *Effective dates.* These regulations become effective 10 a.m. PST on March 18, 1995 and terminate at 7 p.m. PDT on May 27, 1995 unless cancelled earlier by the District Commander.

43 CFR Public Land Order 7119

[AZ-930-1430-01; AZA-12956]

Revocation of Two Secretarial Orders Dated April 23, 1943; AZ

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order revokes two Secretarial Orders dated April 23, 1943, in their entirety. One withdrew 3,666.08 acres of National Forest System lands and the other withdrew 35.34 acres of public land, totaling 3,701.42 acres, withdrawn for the Bureau of Reclamation's proposed Snowflake Project. The withdrawals are no longer needed and the revocation is needed to permit disposal of the land through land exchange. This action will open 2,791.99 acres to mining and to such forms of disposition as may by law be made of National Forest System land unless closed by overlapping withdrawals or temporary segregations of record. The remaining 874.09 acres of National Forest System lands are within an overlapping withdrawal and consequently will remain closed to mining and to such forms of disposition as may by law be made of National Forest System land. The 35.34 acres of public land will be opened to surface entry and mining unless closed by overlapping withdrawals or temporary segregations of record. All of the lands have been and will remain open to mineral leasing.
